REPORT OF THE MANAGING COMMITTEE.

Of the year 1901 in this institution little more need be said than appears in our last report. On the resignation of Mr. Burnet, Mr. A. B. Norwood was appointed to be superintendent in the month of July, and the hopes created in and by that appointment have so far been fulfilled. The statistics furnished in Mr. Norwood's first report, with the observations which accompany them, will be read with interest. Since our last report, we have been pleased to receive good accounts from the several branches and workshops we then enumerated. The little workshop at Wakefield secured in twelve months an income of £108 16s. from the earnings of the blind and in subscriptions and donations. On this, 10 per cent. was given as a contribution from this institution. The Middlesbrough branch has our special attention, and a deeper interest in it is being excited in that district. At Whitby work is plentiful and orders are continuous under the active guidance of Mr. Alfred Hirst. The Scarborough Home fulfils its useful place, and the sale of goods increases, but it must be understood that the women to be received there must be active, in good health, able to earn something, and willing to earn more. The month of February, 1902, has brought events which must find mention here. The Earl Fitzwilliam, K.G., has closed a long life in which as president of this institution he has actively befriended the blind. His lordship's father was our first president after the founding of this school in 1833, and the late Earl presided over the great county meeting held in our Jubilee year, 1883. During this month, our colleague, Mr. W. J. Clutton, was also called to his rest. He was first elected on the committee in 1860, and he was re-elected on subsequent occasions. He was one of the most regular in his attendance, and his counsel and genial co-operations will be much missed. The institution having now, under Mr. Norwood's active superintendence, assumed the even tenour of the way on which it travelled in the late Mr. Buckle's time, his widow has asked us to accept her resignation of the position of matron, and this we have done. At the same time we intimated that in recognition

of Mrs. Buckle's long connection with the school we would recommend, as we now confidently do, to the Governors that an annuity of £40 be paid to her during her life out of the income of this institution. Mrs. Buckle being prepared, and desirous, to leave at the end of March, the committee, on the application of Miss Holiday, the schoolmistress, appointed her without hesitation and unanimously to be the matron. Miss Holiday during eighteen years has done excellent work for this school, His Majesty's Inspector's reports upon that work have been of the highest character, her sympathy with the blind is abundant, her devotion to Mr. and Mrs. Buckle has been complete, and her power of management is unquestioned. Supported as we are by a staff of men and women, unrivalled in their length of service, in their cordial co-operation, and in their sympathy for the blind, we look forward to future years of greater usefulness on the part of the Wilberforce Memorial under the superintendence of Mr. Norwood."

THE REPORT OF THE SUPERINTENDENT TO THE MANAGING COMMITTEE.

GENTLEMEN,

I have the honour to submit to you my first Report, which, from my short connection with the school, and small knowledge of the work, must of necessity be brief.

The number of pupils in the school during the year 1901 has been as follows:—

	Boys.	Girls.	Total.
Number on the Books, Jan. 1st, 1901 ...	42	25	67
Admitted during the year ...	8	5	13
In attendance during the year ...	50	30	80
Left during the year ...	6	3	9
On the Books, Dec. 31st, 1901 ...	44	27	71

The course of education in the school has been much as usual in all departments. The pupils presented for Examination have earned the full Government Grant and the commendation of E. H. Howard, Esq., H.M. Inspector.

At the close of last half-year, I examined all the pupils in religious knowledge, chiefly in "The Life of David," "St. John's Gospel," and "The Church Catechism." The thoughtful answers and the intelligence and interest shewn by the pupils were a sufficient evidence that the subject had been properly treated by the teachers.

The Continuation Classes, held in the evening from 7 to 8, for those who have gone through the School Classes as Juniors and are now employed in manual training and music during the whole or greater part of the day up to 5-30 p.m., are still doing a most useful work. The subjects taught in these classes are: Reading, Recitation, Writing, Composition, Arithmetic, Geography, and English History. The younger pupils who are in school during the day, are taught Elementary Wicker-work in the Continuation Classes. Thus both the mental and manual training of the Pupils are in truth continuous from the time of their admission to the school until they leave as fully trained workers. The full Government Grant has been earned by these classes and an excellent report received from the Board of Education.

The school was visited on August 30th by Philip H. Bagenal, Esq., Local Government Board Inspector, who made the following entry in the Visitors' Book :—

I have to-day visited the school and satisfied myself with regard to the administration. The food was well served and eaten with appetite. The new block of buildings will be of great advantage to the Institution.

The earnest work of those who have charge of the Musieal Education in the school cannot fail to maintain the high standard of excellence in music which has for many years been a distinctive feature of the York School.

The greater attention given to the Tuning Department is producing most satisfactory results. Another of your former pupils has been engaged by Mr. Russell, Pianoforte Dealer, Leicester. Your best thanks are due to Mr. Arthur Jones (Messrs Hilton & Hilton, Pianoforte Makers, Leeds), for his efforts in bringing the advantage of the employment of blind tuners before the trade of the country. Two of the pupils before leaving school in December were given by Mr. Jones the advantage of three months' experience in the Piano Factory at Leeds, whither they journeyed each morning, returning in the evening to school. At present, by the kindness of Messrs. Waddington, Piano Makers of this City, two of the Senior pupils are enjoying the benefit of Factory experience.

During the year the Markham Fund has expended £55 6s. 2d. in grants to former pupils of the school, whilst special grants have been made to former pupils and aged blind to the amount of £92 5s. 9d.

The Trade Receipts at York remain practically the same as last year; at Scarborough there is a slight increase.

The wages and supplements paid to the Blind for work done amount to £1.144 9s. 1d. There has been full employment for all workers in the various departments of Basket, Brush, Mattress and Mat making, and also in the Chair-caning industry, which is followed mainly by the girls.

I venture to suggest the need of a separate school for the young children. By this you will be able to take children at an earlier age than already is the case, and gradually train them in the habit of self-helpfulness which is so often lost amongst their sighted brothers and sisters at home; the daily

routine of instruction, recreation, meals and rest can be entirely arranged to suit the wants and capacity of young children; and you will also be able to retain in the school here a greater number of the elder pupils for a longer training.

In conclusion, I wish to say that I am sensible of the importance of the work undertaken by me. I find the school imbued with the wholesome influence of the late Mr. Buckle's example and tradition. It shall be my earnest endeavour to carry on, however unworthily, my work for and amongst the Blind in the spirit in which Mr. Buckle worked, and I acknowledge with much thankfulness the loyal and valuable help received from every one of my Colleagues on the House, School, and Trade Staff, in whom you have indeed an able and devoted body of servants.

I am, Gentlemen,

Your obedient servant,

A. B. NORWOOD.

GENERAL RULES

OF THE

YORKSHIRE SCHOOL FOR THE BLIND,

INSTITUTED AT YORK, 1833.

1. The objects of the Institution shall be: To provide sound education together with instruction in manual training and technical work, for blind pupils, between the ages of 5 and 20; to provide employment in suitable workshops or homes for a limited number of blind men and women; to instruct blind men and women, who have lost their sight after the age of 16, in some occupation carried on at the School, and to promote such other agencies for the benefit of the blind as may enable them to gain their livelihood, or spend a happy old age.

2. The pupils shall attend at the places of religious worship which their parents may desire; or which, if adults they shall themselves prefer.

3. Such mechanical arts shall be taught in the school as the blind can exercise to advantage; with whatever other branches of knowledge as may appear conducive to the above-mentioned ends.

ELECTION OF PUPILS.*

4. Subscribers to the amount of £1 a year, Donors to the amount of £10, or Donors to the amount of £5, subscribing also not less than 10s. annually, shall be entitled to one vote in the election of each pupil; and every additional contribution, of equal amount, shall entitle to an additional vote.

5. A legacy of not less than £50 shall entitle the acting Executor, first named in the will, to one vote, during his life, in the election of each pupil.

6. Prior to an Election, the Committee shall determine the number of pupils to be elected, examine the eligibility of candidates, and make public the list of those who are eligible.

7. No candidate shall be admitted who has sufficient sight to be able to read the ordinary School books used by children, or who is incapacitated by weakness of intellect or otherwise, from learning to obtain a livelihood.

8. No candidate shall be admitted labouring under an infectious disease, nor without having had the small pox, or undergone vaccination.

9. No candidate shall be admitted without an engagement being subscribed by some responsible person to answer for the payments required by the rules, and for receiving back the pupil when discharged from the Institution.

10. The election shall be held at the Half-Yearly Meeting of the Governors in the Spring Assizes, and at such other times as they may appoint; and the pupils shall be received on the four quarter days of 1st of January, 1st of April, 1st of July, and 1st of October.

11. Proxies (post paid) will be received in the election of pupils.

12. Every pupil shall pay towards his maintenance and clothing a sum to be fixed by the Committee.

13. The children of wealthier parents may be admitted by the Committee to receive tuition, on such terms as may be beneficial to the Institution.

14. No subscriber whose subscription is in arrear, or is not of six months' standing, shall vote in any election.

15. Annual subscriptions shall be considered due on the first of January of the year in which the subscription is made.

*N.B.—The voting system here has been disarmed by a resolution of the Governors, passed annually for very many years, as follows:—"That until the next Annual Meeting the Committee be empowered to elect pupils." This plan has worked most satisfactorily.

GOVERNORS.

16. Donors to the amount of £10, and Annual Subscribers to the amount of £1, shall be Governors of the Institution, and administer its affairs.

17. Meetings of the Governors shall be held on the first Friday of the Spring Assizes, and on the first Friday in October, at Twelve o'Clock, and at other times when convened by the Managing Committee, or by any five Governors; not less than three days' notice of such Meetings being given by advertisement. Seven Governors shall constitute a Quorum.

COMMITTEE.

18. The Governors shall annually appoint a Managing Committee, which shall consist of fifteen members, selected from the subscribers, together with the President, Vice-Presidents, Secretary, and Treasurer of the Institution, and the Secretaries and Treasurers of the Local Committees. Two at least of the fifteen members shall go out of office annually, and be ineligible for one year; the vacancies shall be filled up at the Half-Yearly Meeting of the Governors in the Spring Assizes.

19. The Committee shall meet regularly on the second Friday of every month; and upon emergencies, on one clear day's notice to each elected member; but no engagement shall take place of medical officers, &c., nor shall money be invested on securities, or securities be changed, except at the regular monthly meetings. Three members, assembled at a meeting, shall be competent to transact business.

20. The Committee shall make such regulations as they think necessary for the instruction and discipline of the pupils; they shall manage the affairs of the Institution in the intervals of the meetings of the Governors, and shall have the power to invest money in Government Securities, or Railway Debentures, in Corporation Stock, in Preference Stock on Dividend paying Railway Companies, and on Mortgage of Freehold Property in Great Britain, and to change such securities for others of the same nature, but not to sell or appropriate the funded property of the Institution, except so far as they may be authorised by a meeting of the Governors.

21. No member of the Committee shall directly or indirectly supply the Institution with articles of trade.

22. The Medical Officers, the Instructors, and Servants, shall be engaged and be dismissable by the Committee.

23. The Superintendent shall be chosen at a Special Meeting of the Committee, of which a fortnight's notice shall be given to each member.

SUPERINTENDENT.

26. The Superintendent shall be entrusted with the general management of the School, subject to the orders of the Committee; he shall carry on the general education of the pupils, except in those branches of tuition for which separate instructors are engaged. He shall receive subscriptions and moneys due on account of pupils: sell the work manufactured in the Institution; keep a regular cash book, letter book, and ledger; collect and lay before the Committee all accounts for payment, quarterly, and make a monthly statement of his cash transactions. He shall pay all moneys into the bank, keeping a balance in his hands not exceeding £50, and shall be assisted by a Schoolmaster.

MATRON.

27. The Matron shall co-operate with the Superintendent in the management of the School, conducting the domestic affairs of the Institution, and taking charge, especially of the female pupils, with such assistance as the Committee may appoint. She shall attend to the cleanliness of the house, and its inmates, and shall be present at the meals of the pupils. In the absence of the Superintendent the general charge of the School devolves upon the Matron.

SCHOOLMASTER AND SCHOOLMISTRESS.

28. There shall be a Schoolmaster and Schoolmistress, who, besides their special employment in the instruction of the pupils, which they carry on under the control of the Committee alone, shall assist the Superintendent in the discharge of his duties.

PUPILS.

29. The male and female pupils shall be kept separate at all times, except when the Superintendent or Matron or other authorised person is present.

The Blind inmates shall not be allowed to receive visitors after supper time without the special permission of the Superintendent.

SUGGESTIONS TO THE PARENTS AND FRIENDS OF BLIND CHILDREN.

1.—Blind children should not be kept at home all day long simply on account of their infirmity. It is much better for them to be sent to some school. This is now required by law; and a suitable school is within reach of every blind child. Even if they do not learn much, it will still be found that they derive no slight benefit from associating with other children, and from learning in school habits of attention and obedience. The very worst thing in regard to the education of a blind child which can befall it, is to be allowed to sit at home in a corner, and do nothing but talk and rock itself.

2.—It is not a very difficult matter for parents and friends of blind children to teach them the elements of their education. The alphabet may easily be taught them, and the girls may be taught plain knitting. It should always be borne in mind that if these simple rudiments are learnt before the children are admitted, they will have all the more time for more important matters after their admission.

N.B.—An Elementary Reading Book, containing the Alphabet, &c., will be forwarded to any address in exchange for Twelve Stamps sent to the SUPERINTENDENT, School for the Blind, York.

3.—The foundation of habits of self-dependence may be laid at home. It is a most important branch of the education of the blind to be taught to do all they possibly can for themselves. Encourage the child to become acquainted with all the parts of the house and the immediate neighbourhood, to go little errands and to find things for itself; if it drops or loses anything, do not pick it up or seek for it, let the child do that for itself. Do not be too much afraid of its falling over, or knocking against anything which is not really dangerous; such little mishaps prove often very good teachers. Blind children should be taught to dress themselves, including the lacing of their shoes and boots, stays, &c., and the tying of all neckerchiefs, ties, strings, &c., blacking their boots and shoes, and, in the case of girls, dressing their hair.

4.—It will be found that blind children often acquire peculiar "tricks," shown in various motions of the head, hands, or bodies. Such habits are often the result of insufficient out-door exercise. They should be guarded against and checked. It is almost an impossibility to eradicate them after they have been indulged in for a few years, and in later life they have a very prejudicial effect.

INFLAMMATION IN THE EYES OF INFANTS AS A CAUSE OF BLINDNESS.

THE MANAGING COMMITTEE OF THE WILBERFORCE SCHOOL FOR THE BLIND think that public attention needs to be called to this question in England, for they find that out of 89 pupils on the books of the School, 37 are stated to be blind from this cause; and this proportion is probably not higher than in other similar institutions, for an eminent ophthalmic surgeon in London states that probably half the blindness in the country is due to the cause referred to.

The reason why so many have fallen victims to this disease, is not indeed that the medical treatment of it was defective in times past, but it is rather due to the unpardonable indifference of the midwives and nurses, or others who have charge of infants in their earliest days, who, in many cases, prevent resort to skilled assistance in order to try some domestic remedies, until it is too late. The disease may, in some cases, appear in so mild a form that without any treatment, or even in spite of unsuitable means, it may have a fortunate issue; but in most cases it takes a more determined character, and then, if left to itself, it may develop with such rapidity that in the course of a day or two the condition is quite hopeless.

A description of the disease and of its progress, however popularly written, would be of little use here, and would be understood only by a very few. It will be sufficient to remark that in general newly-born children seldom suffer from any other eye disease, and the first appearance of this disease is easily recognisable by the redness and swollen state of the inner skin of the eyelid and by the discharge of a yellowish white matter. The main thing to be borne in mind here is that this dangerous and ruinous disease may in most cases be cured if, on the FIRST APPEARANCE of this inflammation in the eyelids, SKILLED ADVICE IS SOUGHT. Until this can be obtained, nothing further need be done, except to keep the eye as clean as possible from the yellowish white matter, and for this purpose warm water applications should be used as often as there is any matter to wash away.

The following directions should be CAREFULLY followed. The cleansing of the eye is best done with small pieces of cotton wool, or, failing this, with soft linen rag. The eyelids should be carefully half opened, and cotton wool steeped in warm water gently used in wiping away all matter both inside and out.

The warmth is best applied to the eyes by means of dry cotton wool, cut out about the size of a crown piece, and folded double. This should only be applied while the child is sleeping, and then should be removed every hour or two; this wool ought not to be allowed to get saturated with moisture, as it often will do in the course of a short time. The eye, of course, requires much watchful care and attention, but it must be borne in mind that the question of sight or blindness depends entirely in these cases on PERFECT CLEANLINESS, GREAT CARE, AND ATTENTION. If the matter discharged has a tendency to cause the eyelids to stick together, as often happens, then apply the very smallest quantity of the best and purest cod liver oil to the edges of the lids. It is almost unnecessary to say that fresh air and equable temperature in the sick room are very important, and that the eyes, while suffering from the disease, should be kept from all strong lights, and on no account should the cotton wool or rag be used a SECOND TIME. The nurse or mother should always wash her own hands after she has attended to the eye of the child, as the matter is occasionally of a very infectious nature.

Regulations for the Management

OF THE

Outmates' Department of the Institution.

3.—Wages will be paid on Fridays. As a general rule, all the non-resident blind (hereinafter to be called outmates) shall be employed on piece work, and be paid accordingly, at the average market rate, in proportion to the amount and quality of the work done by each workman, of which an exact account will be kept by the Superintendent, with the aid of the Trade Teachers. Should exceptional cases arise where fixed wages are necessary, the Managing Committee shall deal with such cases on their respective merits.

4.—Every outmate will be required to provide his own lodging, food, and clothes out of his wages, or other means of support.

5.—The work hours to be observed by the outmates shall be as follows:—

From 1st March to 31st October6-30 a.m. to 6 p.m.

From 1st November to the end of February ...7 a.m. to 6 p.m.

For Breakfast.....8 to 9 a.m.

For Dinner1 to 2 p.m.

6.—Those who are not in the Workrooms at the time fixed for commencement of work, and after meals, shall be fined one penny, and twopence if such absence exceed a quarter of an hour.

7.—The only entrance to the premises will be by the door on the south side of the School, the key of which shall be kept by an authorised person, and all entrances and departures recorded.

8.—Without the sanction of the Superintendent, none shall be permitted to leave the premises or receive visitors during the hours of work. All idleness and disorderly conduct shall be punished by fine, and if persisted in, by dismissal; and all insubordination, or the use of improper language, shall be reported to the Managing Committee, the members of which shall inflict such punishment as they see fit.

9.—The smoking of tobacco, the use of intoxicating drinks, spitting on the floors, and carrying or using lucifer matches, are strictly prohibited.

10.—Those who are absent from work on account of ill health must send notice to the Superintendent on the first day of their illness.

11.—A register of the residences of the outmates will be kept by the Superintendent, to whom any change must be notified within the week after it has taken place.

12.—All the outmates will be required promptly to obey whatever orders may be given during working hours by the Superintendent, or by the Overlookers or Trade Teachers; but they will be at liberty to bring complaints or make communications to the Managing Committee.

13.—All fines for breaking these rules will be fixed by the Managing Committee, and be deducted from the wages of the person fined.

14.—The Superintendent shall keep a conduct book, in which a record of all offences will be kept, to enable the Committee to judge of the character of each individual.

15.—These rules shall be read to the outmates by the Superintendent four times a year, viz.:—The first Monday in February, May, August, and November.

16.—In the temporary absence of the Superintendent, the Trade Teachers shall have full authority to direct the outmates and the work then in hand.

17.—The Trade Teachers shall keep, in such form as may from time to time be required, an account of the time consumed, of the work done by each outmate, and of such other particulars as may at any time be deemed necessary by the Superintendent; and such Trade Teachers shall at all times be under the direction and authority of the Superintendent, in all things relating to their duties.

18.—No outmate shall be permitted to leave the Institution without a fortnight's notice to the Superintendent, on pain of forfeiting a week's wages.

19.—The Superintendent is required to visit, as circumstances admit, the homes of those blind persons who are employed as outmates, and to inform himself as to their condition and habits, so as to enable him to report to the Committee thereon at least once a year.

Out-Pupils' Department.

In the year 1883, at the celebration of the Jubilee of the School, a new Department was opened for the purpose of teaching handicrafts to such of the Blind, as losing their sight after 16 years of age, could not be admitted as inmates of the Institution. The Managing Committee are consequently prepared to teach Basket-making, Brush-making, Mattress-making, or Mat-making to a limited number of such out-pupils, free of charge, whose friends provide board and lodgings for them in the City.

Such Out-pupils have been taught, viz., nine Basket-making, one Mattress-making, and one Mat-making. Five are still at work in the School. Application forms may be had of the Superintendent.

Outmates' Benefit Club.

FOUNDED IN 1872.

A Sick Club, founded by the Outmates themselves, and managed by them and the Officers of the School. The funds, which are quite distinct from those of the School, and are in the charge of the Hon. Treasurer of the School, secure to each blind member a sum of 9s. per week in case of illness. As the number of Outmates is only 15, and their weekly contributions small, the Club cannot be expected to be self-supporting. Hence, donations to it will be a real help given to those who give good evidence of a desire to help themselves.

BASKET WORKSHOP.

Mrs. Markham's Fund for Assisting the Blind.

The late Mrs. Speneer Markham, who for many years had taken a deep interest in the Pupils of the Yorkshire School for the Blind, raised a fund in the year 1866, by means of Donations and Subscriptions from friends of the Blind in the County, for the purpose of aiding former pupils of the School to establish themselves in positions of independent industry.

This fund Mrs. Markham invested in the names of three Trustees, and during her lifetime, from the interest thereof and from annual subscriptions, she assisted in various ways many of the former pupils of the School. The present trustees of the Fund are the Very Rev. the Dean of York, Lord Deramore, and the Rev. Gordon Salmon.

In their Declaration of the Trust, the Trustees state, "that the income shall be applied in behalf of the pupils who have been educated in the Yorkshire School for the Blind, and have gone home to follow the trade they have been taught, and earn a livelihood for themselves, in manner following:—

1st.—By providing apparatus, materials, or tools for those who cannot afford to buy them; or

2nd.—By making small grants of money, afterwards, to such of the pupils as are well reported of by the clergyman in whose parish he or she may reside, as a recognition of industrious habits and good conduct; or

3rd.—By affording assistance in any case of sickness or accident."

The Trust Fund consists of £800 invested in the N.E.R. Preference Stock.

Applications for grants may be made to the Very Rev. The Dean of York, and forms for this purpose may be obtained from the Superintendent of the School.

Industrial Home for Blind Women at Scarborough.

The objects of the Home are two, namely:—

2.—To give instruction in some handicraft to Blind Women, who, having lost their sight at the age of 16, are ineligible for admission into the School at York.

The inmates of the Home will remain in it during the pleasure of the Committee.

Inmates in ordinary circumstances will not be received over 40 years of age.

EMPLOYMENT.—(1) The inmates shall take part in the domestic work of the house, as directed by the Housekeeper.

(2) They shall also be employed in such Industrial work as they can do best, and is most profitable for the Home; and shall be paid by piece.

(3) During a certain number of fixed hours, as arranged by the Time Table, all inmates shall work in a room or rooms set apart for the purpose.

FOOD.—The Dietary shall be arranged by the Managing Committee, and may be varied within certain limits by the Housekeeper.

CLOTHING.—The inmates will provide their own clothing, which they will as far as possible mend for themselves.

RECREATION, &c.—During Recreation Hours, as arranged by the Time Table, inmates may walk out—not less than two together.

No inmates shall leave the House after dusk, unless accompanied by a responsible person; for which also special permission must be granted, and Names recorded.

Visitors may call and see the inmates in the Visitors' Room; but will not be allowed to enter other rooms without permission.

TIMES FOR MEALS, &c.—The inmates shall observe in all respects the Time Table prepared under the sanction of the Committee.

WORKSHOPS FOR THE BLIND,

113, Linthorpe Road, Middlesbrough.

OPENED IN 1898.

With the assistance of a grant of £100 from the Gardner Trustees, the Managing Committee have founded this workshop. It is intended for those York trained pupils living in Middlesbrough and Cleveland, and also for other blind men or women who lost their sight at an age which prevented their admission into the School.

There is a great desire to extend the usefulness of these shops by employing a larger number of trained blind workmen, and by finding means of assisting others who have not yet been taught any trade.

It is proposed that a Local Committee be formed to organize a scheme for carrying out this object.

Help, in the form of monetary contributions, or the purchase of goods at the shop, will be greatly appreciated.

There are probably 150 blind persons living within a radius of four miles from Middlesbrough.

Hon. Treasurer: WALTER JOHNSON, Rounton Grange, Northallerton.

Hon. Secretary: J. J. BURTON, Rosecroft, Nunthorpe, R.S.O., Yorks.

Collector: R. T. MILNER, Royal Exchange.

Manager: HARRY NICKELLS.
